All training sessions will be held by Coaches with UEFA coaching license. Many of our coaches have professional experience in the world of soccer.

Our philosophy is to guide the players instead of directing them to improve their decision making to adapt to different situations on the field. With practice & time they can recognize the situations and know what to do.

Training will begin each day with a dynamic warm-up added with technical work.

Then move on to various tasks ranging from positional rondos to possessional games, each modified to learn an aspect of the game.

Then progress to small sided games and finishing

TRAINING/CONDITIONAL TRAINING

HUESCA CLINIC
ID CAMP

Speed training that applies to the game for players to build speed, have quicker reactions, explosiveness, and to become agile soccer players.

INTERNACIONAL
PLAYERS & COACHES

Goalkeepers will receive individualized high quality training sessions focused on quick reactions, technical concepts on shot stopping, standing up from the floor and using both feet.

Also, goalkeepers will receive tactical sessions on the field and on the soccer board to learn how to organize their players depending where the ball is on the field and how to set up wall to stop free kicks .
